Mastering CSS Animations

Sample of CSS Animations

```css
/* The animation code */
@keyframes example {
    from {background-color: red;}
    to {background-color: yellow;}
}

/* The element to apply the animation to */
div {
    width: 100px;
    height: 100px;
    background-color: red;
    animation-name: example;
    animation-duration: 4s;
}
```

Building Your Own Animate CSS Animation

Demo

Start from existing animation

Rename animation

Modify animation

Adding our Custom Animation to Our Demo Project

Demo

Duplicate existing animation

Rename animation

Apply animation to object

Summary

Basics of CSS animation

Built our own Animate.CSS class

Added a custom animation to our demo project
